

The Mountain Man and the Runaway

When trapper Levi Johnson finds a young woman unconscious and injured near his cabin on the side of a mountain, he takes her home and nurses her back to health. He thinks this is the woman he needs to keep him company for the long, cold winter ahead. But the no-nonsense mountain man isn't prepared for the feisty and sassy young lady who regains consciousness in his bed. Josie Thomson was running from an unwanted arranged marriage when she finds herself in a cabin deep in the woods, with a stern man who puts her over his knee whenever she doesn't do exactly as she's told to do exactly when she's told to do it. Levi requires obedience from his woman and this one is no exception. She'll learn to mind him or wear out his firm hand in the process.
