Illora has been through a lot and is looking forward to a solitary retirement. All she needs to do is to get past the selection process in the Lorahan seraglio for three more days and she is home free. The Prefect of Lorahan wants Illora and her successful efforts to dodge the selection process has turned him ashen with fury and parts of him blue. He concocts a plan to trap her with her own honesty and the race is on to make her his before the Alliance comes to retrieve her. He must fight his urge to be forthright and deliberately manipulate her into the position as his wife. Lets hope they both survive the process.
