

Morning Glory (Avalon Romance)

Clara Anderson has her routine, and she likes it that way. But oil has brought change to Healdton, Oklahoma, and she doesn't like it one bit. She might not have the means to stop history in the making, but that doesn't mean she has to rent rooms in her boarding house to oil well riff-raff. Needless to say, her temper flares when she discovers that while she was out shopping, her help rented a room to Briar Nelson, a roustabout for Rose Oil. Briar just wants a place to sleep and eat and if the lovely, crazy woman has a problem with that, she can take it up with a lawyer. He signed the contract for three months and paid the rent in advance and nothing is going to make him leave. Besides, he already has two women in his life and doesn't need another. Can a woman who was jilted ten years ago fight the past and fall in love with the very kind of man she vowed to have nothing to do with? Changes more personal than the discovery of oil take place in the Morning Glory Inn as Clara and Briar fight the past and fear the future.
