

## Collected Works (Illustrated)

- Contains over thirty original photographic reproductions of drawings by Gibran Kahlil Gibran is one of the most popular poets of all time. Only Shakespeare and Lao-Tzu have sold more of their books. And anyone who has immersed themselves in Gibran's inspirational works understands their incredible popularity. His words have the power to move emotions, inspire creativity, and transform lives. They have influenced millions of people around the world, including John Lennon, who took some of his best-known lyrics from Gibran poems. Lexicos Publishing is proud to bring together, for the first time in ebook form, all of Gibran's major writings into a single collection, meticulously edited and formatted for Kindle. The edition includes his path-breaking masterpiece *The Prophet*, as well as his collection of luminous artwork *Twenty Drawings*, with each image specially formatted to render beautifully on all versions of the Kindle and iPad as well as on Kindle for PC and Mac. Cadenced and vibrant with feeling, the words of Kahlil Gibran bring to one's ears the majestic rhythm of *Ecclesiastes* ... If there is a man or woman who can read this book without a quiet acceptance of a great man's philosophy and a singing in the heart as of music born within, that man or woman is indeed dead to life and truth. *Chicago Post* His power came from some great reservoir of spiritual life, but the majesty and beauty of the language with which he clothed it were all his own. *Claude Bragdon* I do not think that the East has spoken with so beautiful a voice since the *Gitanjali* of Rabindranath Tagore as in *The Prophet* by Kahlil Gibran, who is an artist as well as a poet. I have not seen for years a book more beautiful in its thought, and when reading it I understand better than ever before what Socrates meant in the *Banquet* when he spoke of the beauty of thought which exercises a deeper enchantment than the beauty of form. I

could quote from every page, and from every page I could find some beautiful and liberating thought. AE (George Russell)
