

Black Wings MC (Motorcycle Club Erotic Romance)

Shadow was always bold and daring. He was a mans man who knew exactly what he wanted. Tara, on the other hand, was quite the opposite. In and out of abusive relationships most of her life, she had sworn off men forever...until a chance encounter led her to meeting Shadow at her brothers house. Just as the two of them began to warm up to each other, the unthinkable happened. The Black Wings were attacked and Tara was right in the middle of it. Sensing her weakness, Shadow knew he had to protect her. Even though they had just met, he was already staking claim to her. He knew a good woman when he saw one. Shadow vowed to Tara that he would forever protect her. In love and in need of protection, she went with Shadow to fight the evil that awaited them in Mexico--The Cartel. Black Wings MC is Kendra Paynes debut novella. It is a romantic, erotic thrill ride that is guaranteed to leave you breathless. This novella is intended to be read by adults over the age of 18.
