Eighteen year old Lisa Whitmere was now a bonafide hucow for Clayton Dairy Farms. But even though she now has all the physical trappings of a hucow, she has yet to truly accept her new life. When the Claytons of Clayton Farms come for a visit, she hopes to find some sympathy from Mrs. Clayton. But instead, she is told of a coming visit from Lady Wilhelmina and her guests, all strong fans of hucow dairy products. When the guests come, she soon realizes that her life will never be the same again. Will Lisa make peace with her new life or will she find a way to escape and return to London?
