

## Coming Undone

Caught up in a life built on secrets and blackmail, there isn't much McKenna Lacey can do to change her circumstances. She's been bought and paid for by a man who has no problem using her body for his own selfish needs. She bides her time, but doesn't trust when a way out comes from the most unlikely of places: the scarred man who breaks into her home. RJ has his own history with the man who owns McKenna. On the search for a missing woman, RJ thinks McKenna might be able to provide answers. It's a simple thing: lay out his case and give McKenna a chance to help him, and herself in the process. What isn't easy is knowing he can't have the broken woman, but wanting her anyway.
