

## In the Valley of Lily

Lily Jones had agreed to work for the reclusive Mr. Edward Darby for the summer at his remote Chateau Oriol in the mountains of Spain. Upon her arrival, she discovers he expects more from his maid than a well-ordered house he demands absolute obedience. As she explores the shadowy corridors of the fairytale chateau, Lily cannot shake the feeling that behind the locked doors lie unspeakable secrets. In the Valley of Lily is the story of unexpected lust and wild passions, of savage couplings, and the unexpected freedom that can only be discovered through complete and utter submission.

Lily of the valley is famed for its little blossoms and sweet scent. But the shade-loving perennial also has a strong side.
