

Hero Rising (Secret Guardians Book 1)

Josiah Reign is a lover and a fighter. He's also the leader of a group of warrior vampires. During a time of relative peace for the vampires, Josiah goes on a crusade to help the Tandra (humans) overcome the evil that surrounds them. Josiah's alter ego rises up to take him on a stunning odyssey as a modern-day superhero who protects the Tandra. As *Hero Rising* opens, Josiah, itching for some excitement, decides to visit his good friend, Tommy (the werewolf). That's when a whole new world of opportunity opens up. He performs heroic deeds and discovers this is what he has been missing, what he desires, and what he must do to save the Tandra from evil shall be his purpose for the next six years. But, as Josiah discovers, human problems were never so dangerous, nor so compelling. When a great friend falls into desperate trouble, Josiah is asked to head to New York City to try to save the day. Josiah isn't through yet, not until he rights wrongs and restores order to the Tandra. Luckily, he's got the power of the world's most evolved vampire at his fingertips.
