Theyre each others first love, and they are blissfully happy. Or, at least, thats what Grace thought. But when Steve suddenly turns the dial up on their sex life, shifting from rare moments of intimacy to an erotic re-enactment of one of Graces most sexy fantasies, she is excited but even more confused. Whats the reason for Steves sudden erotic dominance? Is he masking his guilt? And is her perfect relationship on the verge of shattering? Or is he unleashing a deep fire within that is about to awaken their sexuality? **Irreplaceable:** Annabel Hastings has heard a lot about Max Carter, the man who owns the company where she works. Max works from his Washington office, and although Annas never laid an eye on him, his reputation as a ruthless man who drives a hard bargain precedes him. Anna doesnt need added pressure in her life, shes got problems enough with her ex-boyfriend Jason who refuses to move out or get a job, lounging around and living off Annas hard work. When Max Carter suddenly appears in Annas office unannounced, he turns her life upside down like a storm. Anna is immediately struck by Maxs commanding presence and undeniable sex appeal. He is also not shy about letting Anna know that he is attracted to her, if the smoldering intensity of his gray eyes wasnt enough, he tells her flat out that he wants her and Max Carter is a man who is used to getting what he wants. Despite her resistance, she finds herself falling into Maxs world of sexual

exploration and adventure, swept up in his irresistible mix of strength, fierceness, and tenderness. Will Anna fall into Max's spell of seduction? And as their relationship develops, will Max allow his feelings for Anna to become deeper and more intense than he ever imagined? **Burn:** Cara Levine finds herself once more on the way to Vegas for another unexciting conference. Having slept in and running late for her flight she stumbles headlong and finds herself pressed against the most gorgeous man she has ever seen. On board the flight another encounter with the handsome as sin John explodes into some in-flight entertainment her wildest fantasies could have ever imagined. Now that love and lust are in the air as on the flight to Las Vegas, how long will it take for the pair to realise their time together has only just begun? And when Cara learns who this man really is will she be able to resist submitting to temptation? **Heat:** Michelle, known as Elle, takes pride in her ability to prove herself in masculine roles, despite her attractive appearance. She loves to see the surprise and respect in men's eyes, especially in her current job as a construction equipment operator. Although many men have tried to turn her head, she's always ended the relationships completely unimpressed... and usually bored. She's basically given up on finding a man who can conquer her, and she's not expecting to find him on the construction site - then Damian appears. He's an intense project manager, rugged, demanding, and extremely sexy. She finds herself irresistibly drawn to him. Will she let herself submit to his commanding demeanour, or will the intensity be too much? Will she risk her job for a man that might fulfil her forbidden desires?
